Transportation Alternatives &
Air Quality Summit**

**September 29-30, 2009
iWireless Center, Moline, Illinois**

It all adds up to cleaner air

The Bi-State Region is bordering on non-attainment of the national fine particulate standards. This conference is geared toward business, industry, and local government to offer options for reducing air emissions and energy use. The summit will unveil a region-wide partnership to improve air quality and ensure continued economic and infrastructure development opportunities.

Presented by:

Made possible by support from the Iowa Clean Air Attainment Program.
